C. LOCATION OF AREA TO BE EXCAVATED:

(NOTE: A to-scale drawing of the excavation site must be submitted along with this form.
Excavation route must be staked, painted or flagged by the requester every 30 feet.)

D. TYPE OF WORK TO BE PERFORMED:

E. MISC INFORMATION:

- (1) This excavation request is used for any work on post that may disrupt underground utilities, communications, right of ways or any routine activities.
- (2) Processing of this permit will take approximately 10-14 days. Requester must have an approved excavation permit prior to commencement of work, and permit must be kept on-site.
- (3) If utilities or communications have been located in the area to be excavated, hand digging will be used within 10 foot radius until the exact location of all lines have been determined. If markings are maintained by the requester, an extension may be given to the expiration date if needed.
- (4) The Government reserves the right to have on-site personnel present during any excavation and will specify on this permit under precautionary measures if needed.
- (5) The requester shall protect from damage all existing improvements, utilities, communications and vegetation at or near the work site. The requester shall be liable for all damages to persons or property that occur as a result of the requester's fault or negligence.
- (6) Any questions regarding this excavation permit may be directed to the Contract Management Division at 806-3765.
